

Looking for a start in the growing healthcare field?

Our EMT training course may be right for you!

There is a critical shortage of Emergency Medical Technicians (EMT) in the Greater Louisville Area. An EMT helps provide rescue services and emergency medical care to the sick and injured.

Our 8-week training will get you skilled-up and ready to work for some of the nation's leading medical transportation companies, like American Medical Response (AMR) and Yellow Ambulance.

INFO SESSION

WHEN: Tuesday, February 21st 5:30 PM - 7:30 PM

WHERE: KY Health Career Center

746 South Fifth St. Louisville, KY 40203

CALL (502) 574-3344 TO REGISTER NOW!

Tuition reimbursement eligible for graduates of course through AMR & Yellow Ambulance!

AMR & Yellow Ambulance will be on-site to speak to training participants about employment opportunities following completion of program.

Course will be offered through Jefferson Community & Technical College. JCTC will have representatives on site to assist with enrollment.
